After lunch, a nice romantic walk hand in hand is just what you need and we suggest a unique location: The Rasponi Garden or Garden of Forgotten Herbs.

It's a beautiful green corner located at the crossroads between Via Rasponi and Via Guerrini and is easily reachable from any part of the city centre.

Ideal for couples (as it is a discreet and silent natural oasis) it hosts a wide variety of aromatic herbs and it's the perfect place to breathe peace, magic and beauty.
